Made a mango cake without mango pulp 😄. I used mango peels 😄. It was delicious! Ingredients are.. 2 cups of all purpose flour,1 tbsp baking powder,6 tbsp coconut sugar (this recipe has 1 cup of sugar),3 eggs,3 tbsp soft butter,1/2 cup of water and peels of 3 sweet mangoes. Cake batter will be thick,but if it is too thick,extra water can be added. Baking time is 40-50 minutes (less or more)or until an inserted toothpick comes out clean at 180 C. I baked it on gas oven. After baking and cooling the cake,you can spread mango syrup with mango chunk on the top of the cake. #instagram #reels #instagramreels #viralreels #trendingreels #newpost #food #homemadefood #foodreels #foodphotography #baking #cake #homemadecakes #mango #mangocake #mangopeels #mangopeelcake #naturalfoodcoloring #nofoodcoloring #delicious
